We the People of the United States of America have an amazing history that needs to be refreshed and restored into the hearts and minds of our students. This travel course will give you the opportunity to create meaningful lessons and hands-on activities for your Social Studies, History, and Language Arts classes. You will design your own projects while journeying to historic Philadelphia, Gettysburg, Washington DC and New York City. Using Bloom's New Taxonomy model, instructor Mary Dunn will lead you in discussions and reflections. **Through discovery and observation, you will experience history and, in turn, bring pride and spirit to your students, our future citizens and leaders.**
